Any other business

Danny Rock - U18's to J1's, any plans to try and retain young players?

M. Good - 14 players coming up from U18's

D. Lecane - 39 players on panel

Plan - to mix U18's and J1's over summer on and off the pitch with tag/bbq's starting next Tuesday

Mick O'Brien (Carrigaline M. O'Brien) - There is often a worry amongst parents that U18 to J1's is a big jump and fear injury of a young 18/19 year old while player with men in there 20's/30's. It was explained that the reality here at present is that there are more 18, 19 and 20 year olds in the J1's then there are older players!
If there was a J3 team that would have older players of guys giving up playing J1 but still wanting to play.

Incoming chairperson Mike Smith - It is great to see new blood coming into the committee. There has been huge challenges with COVID pandemic, however we are now back to rugby and we are all here for the love of rugby. We have an amazing club and we want everyone to enjoy it. We have an open door and all are welcome. Huge thanks to Steve for the great job he has done over the last five years.
Meeting adjourned.
